Inclosure

The assumption made by Dr. Orr in his two letters - an assumption which seems to have been made in his first letter, directly contrary to the facts which came to the knowledge of that Office - The allegations contained in Seemoo Chetty's petition are not only fully borne out by his assumption

The facts as now disclosed, appear to be as follows

Seemoo Chetty, of the Town of Coopoo Chetty's ~~was~~ has owned for many years past a garden which adjoins the Main Sewer built in the year 1862 or 1863. Adjoining it is a garden which belongs without title to Gajaraya Mood. When the Sewer was constructed, Gajaraya Mood obtained on behalf of himself & Seemoo Chetty ~~a right to the use of the Sewer~~, by his own express permission & consent, a 2 inch pipe, to convey to their gardens the "usual supply" of water which had been cut off by the new work - Subsequently in 1874, Seemoo Chetty purchased Gajaraya land. Now in the actual enclosure of his ~~conveyance land~~ the pipe having been constructed as a supply Seemoo Chetty, and also, excepting his own statement, that on the other hand, the concession was also not a personal one, as alleged by Dr Orr & Gajaraya Mood -

In 1871 Dr Orr purposed this Sewer & use to sewer, & applied to the Board of the land lying below the Sewer &

Drummalcon - that the proposal not having been acceded to, Dr Orr deems it then undertaken the Supd cultivation himself for 3+ years - and pending the negotiation, sublets the land to one Ranga swamy Mood

From the papers it appears that the Police Commissioner having with the Dr's / Jagganaycon Canal has taken possession closed by Dr Orr in the early part of this year (1877) - Dr Orr does not explain why his proceedings were taken up then. The case of the Peppe Road not apparently interfere with the cultivation of the land taken by Dr Orr & cultivated by him, for 3 years / from July 1871, and subsequently by his tenants lessees for his part 3 years. The proceedings can only be explained by the circumstance now brought to light that when the lease of the Sewage was sold, as stated, for the current year the Board [illegible], his title was summarily cancelled by Dr Orr, of his own authority, and the lease granted to his own lessee Ranga swamy Mood.

Dr Orr's proceedings require some explanation. He has no right to cancel / resume land in lease, during the term of his incumbency - nor could then for the Board a Conception of the Sewage - which

× after from the Board conception of the Sewage Dr Orr has - a conception which the Board had no power to give, the term which however was not stated

the proceedings undertaken by the Board have been recorded - Finally, he has taken upon himself to cancel a Sale at public auction of the Annual lease of the Sewage, in order to give it to his own lessee.

[illegible] 15/6

To ascertain the Captain with reference to the following points

1/ Whether you have the Municipal Corporation legally constituted

In July 1862. Vide 1st proceedings of the Board of 2nd & 3rd [illegible] 1862 and Sanitary Dept letter No 296 of 12 idem BFF

2/ Can the Municipality undertake the Main Sewerage [illegible] 1862/63 by Municipal Contributions or Provincial funds?

Appears to have been instructed from Bombay. The first contribution from Municipal funds was ordered in Govt & Revd Dept letter No 1824 of 5 March 67 - but under No 1139 of Municipal Regns, all the sewers, drains whether made at the cost of the Municipality or not are not in terms - BFF

3/ Is there not a rule which absolutely prohibits the proceeding taken by Govt in taking up lands within the Municipality, and subletting them [illegible] for the Municipality

There appears to be no rule on this point in the Municipal Regns - the only prohibition contained in [illegible] 16 - but the rules relating to Govt servants relating lands in Mysore vide page 309 of Revenue Manual) are applicable to all Depts and therefore to the Municipality - BFF 20/12/77

vide order no. 351 — 9/
315

If Petr consider themselves dissatisfied by the acts of the Munsf should their remedy is by a Civil suit. I dont think the Cr can interfere in a matter in which Petr can obtain redress in a Civil Ct — There is however one point which may perhaps be noticed. The Petrs allege in para 8 of their petn that Dr has closed the pipe in order to enable him to divert the water course into his own land — I do not think this can be true, but the doubt may be cleared by a report of Dr Cr.

RT

I concur. The allegation in para 8 of petn can and ought to be cleared up by a reference to Dr

To

The Secretary to the

Chief Commissioner of Mysore.

Sir, With reference to your official Mem no: 426/492 dated 19th Ultimo forwarding to me petition No: 749 dated 11th May from Seeneevasa Chetty, of the firm of Coopoo Chetty and Sons, and requesting explanation more particularly as regards the allegation in para 8 of the petition- I have the honor to state that it is quite true, that the sewage of the main Sewer near Dommalore has been, for some years past, utilized by me in carrying out experiments connected with a Sewage Farm and I shall now proceed to explain how and under what Circumstances these experiments came to be undertaken.

In the year 1870-71 having received several letters from your office forwarding Copies of Communications from the Secretary to the Gove

of India, Department of Revenue, Agri-
culture and Commerce, urging on Munici-
palities the desirability of Establishing Farms
for the purpose of testing the value of
Poudrette as a manure, I brought the
subject before a Meeting of the Cantonment
Municipal Board held on the 29th June
1871, and at the same time submitted
a proposal for taking up a portion of
land on each side of the Main Sewer
near Dommalore for the purpose of
Carrying out the suggested experiments,
this proposal was referred to a Sub-
Committee who after several meetings
finally decided against the project. As
I was personally most anxious that the
project should have a fair trial I then
proposed to undertake the experiments
at my own cost provided the privilege
of utilizing the sewage flowing through
the Farm was Conceded to me free of
charge for 3 years, this request the
Committee

Committee having at once readily Conce
ded proceeded to obtain possession of the
Land, and which after some little delay
finally accomplished by purchase.

By Colonel Boddam's advice
my experiments were confined to the
introduction of Italian Rye grass, to the
culture of Lucerne, Guinea grass, and
Perennial, all of which grasses we were
led to believe were well adapted to
test the value of Poudrette as manure
and more especially when supplemented
as could be done in the present case by
the application of liquid sewage directly
to the roots of the plants. These experi-
ments which included also the Cultiva-
tion of Queensland and American
Maize as well as of Oates and barley
were Carried out by me for about 3 years
and were finally abandoned partly on
account of the want of success, and partly
that the expense thus incurred was more

than

than I had anticipated, or felt inclined to continue, and for somewhat more than a year past the land comprising the Farm has been let out on lease. I have to remark that the privilege of utilizing the sewage of this Sewer had always previous to the establishment of my Farm been leased to the Ryots holding ground in the neighbourhood of the Sewer, and as the period for which the Concession had been granted to me had expired I directed the practice of leasing out the sewage to be again resumed. the lease for the Current year was accordingly disposed of by the Sub Amein by public sale early in April last. It will be observed that I have here strictly confined myself to an explanation as regards the allegation made against me by

&c.

the Petitioner, but I am quite pre
pared should it be so desired to
explain also under what Circumstances
I ordered the Communication lead
ing from the Main Sewer to the
petitioners Garden to be closed

I have the honor to be

Carlton Press

No. 2056 & Ex

Office of the Cantt. Municipal Commission

Bungalore, 10 August

From

The President,

Cantonment Municipal Commission

Bangalore.

To

The Secretary to the

Chief Commissioner of Mysore.

Sir

With reference to your letter No. 1036 and 81 dated — July 1877 calling upon me to explain why I closed the pipe leading to the petitioners land from the drain Sewer and whether the effect was to divert to the lands which have been under experimental cultivation the water supply previously secured to the petitioner, I have the honor to explain as follows:

On reference to the documents that accompanied the Sewer as a Chetty's petition to the Chief Commissioner No. 794 returned with my No. 1520 dated 25th June 1877 will shew that in October 1862 a sanction was accorded by the Chief Engineer of Mysore to one Gajarajoo Rao to insert a tin tube of 2 inches in Circumference

Circumference into the Main Sewer
for the purpose of supplying water to
his garden, the garden here referred to
was a narrow strip of ground lying
immediately adjoining the Main Sewer,
it would further appear that the Con-
cession thus granted was in September
1863 extended by Gajarajin Moodear
to the petitioner who has a garden just
beyond and adjoining that of Gajarajoo
Moodear without the knowledge or
sanction of the Municipality and who
had in the meantime been vested with the
Control of this drain; Now without
entering into the question as to whether
the Chief Engineer who was only carrying
out the Construction of this drain at the
cost of the Municipality was justified
in granting this Concession to Gajarajin Mood
there can be no doubt I think that the
Concession was purely a personal one

authority whatever to extend this privilege to his neighbour Mr. Seeney as a Charity the present Complainant.

As regards the effect resulting from the closing of the pipe I have to state that the sewage was simply thus retained in its proper Channel and by means of which it is conveyed clear of and alongside of the Dommaloor Dam, as this Channel leads through a portion of the land taken up by me for experimental cultivation, I had thus with other proprietors of land adjoining the Channel an opportunity of utilizing the sewage flowing down the drain

As I have already stated in my previous letter some delay occurred before the Committee decided finally against my project for establishing a sewage farm in this locality and this may possibly explain why their report was not brought before a meeting of the

Board

Board, and why also no formal Resolution of the Board is on record permitting me to utilize the sewage in question - I am of opinion however that as President and Executive Officer of the Municipality I had sufficient authority to utilize this sewage in the manner and for the purpose I did.

As regards the result of the Auction sale held in April last, I have the honor to forward copy of the documents marginally noted, and to state that I granted the lease of the sewage for the present year to one Rungasawmy Moodly for the sum of Rs 8/- being one Rupee in excess of the highest bid at the Auction sale - the sewage of the Drain had always been previously leased for Rs 15 or Rs 20, annually, and I was consequently unwilling to sanction the result of the present sale, I form to however

No 10 d/9 April 1877 from Secretary
No 210 d/11 April 1877 to Secretary

[illegible] the paper shew at p. auction for Rs 7. But on auction sale again [illegible] cancelled the sale & [illegible] Rs 8 p. annum [illegible]

however that there was a general unwillingness to take up the lease owing to the possibility of the supply being cut off higher up the sewer should the present petitioners claim be admitted; and Consequently I was ultimately induced to accept Rungasawmy's terms.

I have the honor to be
Sir
Your most obt Servant.

C. B. Saunders Esqr. C. B.
Chief Commissioner of Mysore
Bangalore.

The petition of M Srinivasa Chetty
of the firm of Messrs M Coopoo Chetty
and Sons of Bangalore

Humbly Sheweth,

That your Petitioner has, since the last twenty years, been possessed of a garden in the Village of Ulsoor behind the bank, next to one formerly belonging to one V Gajarajoo Moodelliar a Clerk in your honors Office, who has since sold his garden also to your Petitioner.

2. That these two gardens were dependent for their water supply from the escape of the surplus water and leakage (of the Ulsoor tank) which used to come down in a naturally formed small nullah to the said gardens.

3. That in 1862, the then Chief Engineer, Colonel Lawford constructed the present stone and mortar drain on the site of the said nullah, in connection with the Sewerage Scheme of the Cantonment big bazaar; when V Gajarajoo Moodelliar aforesaid petitioned Colonel Lawford (Vide H in Appendix) praying that he may be allowed to have a 2 inch tube inserted in the newly constructed drain, in order to secure the usual supply of water

water which had been cut off.-

4. That Colonel Lawford referred the Petitioner to Mr. R.C. Dobbs the then Executive Engineer, who then reported thereon to the Chief Engineer and permitted the tube to be carefully built in, after dismantling a portion of the drain already constructed (Vide I in Appendix).

5. That thereupon, in order to avoid all disputes between your Petitioner and the said V. Gajarajoo Moodelliar, they entered into an agreement as to the equal distribution of the Water thus conveyed through the tin tube aforesaid, as will be seen by the agreement executed to your Petitioner (on Stamp paper) by the said V. Gajarajoo Moodelliar on the 23rd September 1863 (Vide I in appendix); And your Petitioner spent much money in building stone drains, a stone cistern, and in improving the lands belonging to the gardens; paying the Government an annual Candayem of 28 Rupees.-

6. That during the incumbency of Colonel J. Puckle and Majors Cole and Gompertz as Presidents of the Municipal Commission, these Officers frequently visited the said two gardens and took much interest in directing the hedges of the gardens to be properly trimmed, but never interfered with the Water supply through the tube aforesaid; to which fact Mr. Perera the

Magistrate

Magistrate Mr. Gaynor the Executive Engineer and Mr Royle Overseer of the Municipality can testify: And the Municipality also improved the roads in the neighbourhood of the said gardens. These facts are also well known to Mr. A.R. Sabapathy Moodeliar pensioned Head Sheristadar, who at that time had a garden, next to your Petitioner; and who can bear testimony to the truth of your Petitioner's statements herein -

7. That in November 1876, Dr. J.H. Orr C.B, the present President of the Municipal Commission, expressed his intention to close the pipe, which your Petitioner had uninterruptedly used for his garden for nearly 14 years; and certain correspondence ensued between Dr Orr and your Petitioner on the subject, to which your honor's perusal is respectfully solicited (Vide A. B C. D. E F G. J and K in appendix)

8 That notwithstanding your Petitioner's earnest representation Dr Orr has thought proper to close the pipe in the sewerage drain, since the early part of last month and thus your Petitioner would respectfully submit has not been done for any public benefit, but to enable Dr Orr to utilize the water for his own land (held on a small Cundayam of about 16 Rupees)

which

which is about 100 yards lower down, and of which land Dr Orr has subrented a portion (at a profit) to one Rungasawmy Moodelliar and retained a portion for his own use; while your Petitioner's garden is going to ruin for want of the usual water supply and will eventually be nothing more than waste land, unless the pipe be reopened.

9. That the whole of the inhabitants of Ulsoor can give evidence that the gardens belonging to your Petitioner have been cultivated with "tolsee" and flowers for the past 20 years and that this "tolsee" and flowers have been distributed by your Petitioner, in charity, as is customary among Hindoos.

10 That under the circumstances and facts set forth, your Petitioner humbly prays your honor will do him justice by ordering the pipe to be re opened.

And your Petitioner shall as in duty bound.

Ever Pray.

(Signed) M Srinivasa Chetty

APPENDIX.

EXCHANGE HALL,

Bangalore, 8th November 1876

To

DR J H ORR,

President, Cantonment Municipal Board,

Bangalore

SIR,

Referring to our personal communication we had with you yesterday at your office and agreeable to your instructions we beg to submit these few lines for your favorable orders.

The subject of your objections to close our pipe intercepted by a special order through no other than an official belonging to the Mysore Government remaining so far back as 1862 uninterrupted to this time, being only of water brought from the sewages *lower drain* into our garden. This order will on a second consideration convince you as one of arbitration and unjust We have spent large sum of money to construct the same and yet do not derive any benefit from the garden, but only a flower garden for public use as charity, paying Government the sum of about Rupees 26-0-0 besides the Municipal Rs 0-14-0 not to say anything about the wages of the gardeners.

Under the circumstances shewn above we are pretty well assured that you will be pleased to order us the continuance of the supply of water as heretofore, for which act of kindness we will feel extremely thankful.

We may be permitted here to observe that above 5 years ago when Major Gompertz was the President of the Municipal Board made a similar attempt to convey the water from the very source that we now derive to another Darcastadar into his garden, but after the production of all proofs and documents before that gentleman, he was perfectly satisfied and ordered not to disturb our supply of water, having seen that we have expended large sum of money without any personal benefit to ourselves, the records of your office will prove to this fact, as well as that from the records of the Sur Ameen's Court.

Trusting we have not trespassed too much on your precious time and attention

We beg to remain,

Sir,

Your most obedient servants,

(Signed) M. COOPOO CHETTY AND SONS.

Ex manek Hall

To

THE PRESIDENT

Town [illegible] *Municipal* [illegible]

Bangalore

Sir

In reply to your Docket No 2447 dated 15th ultimo we beg to inform you that as regards the Drainage water therein referred to, there was no order issued to us by Mr [illegible] Dutton President Municipal Board but merely the Durwast of Casai Rao requested us that we might not allow water to be used as usual the particulars of which Mr Pereira the Sur Ameen can furnish to whom Mr [illegible] referred to this record we presume would be found in the Municipal Head Office

The delay caused in submitting the above ere this was owing to our being engaged in our new building for which please excuse

We beg to remain,

Sir,

Your most obedient servants,

(Signed) M. COOPOO CHETTY AND SONS.

1877. Form No

FROM

THE PRESIDENT,

Cantonment Municipal Commission

Bangalore

To

MESSRS M COOPOO CHETTY AND SONS.

Dated
Despatched } 9th January 1877
Received

Enclosure No

General No 3,095 } 1877
No

His Petitions dated 8th November and 12th December 1876 informing that permission was granted by Major Gompertz for the insertion of a pipe for the conveyance of sewage water from the main drain to their garden at Ulsoor and requesting the continuation of this concession

Has the honor to inform that from enquiry of the Sur Ameen and by reference to the records of this office, it has been ascertained that there is nothing on the records of either of these offices to confirm the statement made by them in the above and as their garden is not situated adjacent to the main sewer the undersigned sees no reason to grant the continuation of this indulgence and directs the immediate closing of the channel

(Signed) J H ORR,
President, Municipal Commission,
Bangalore Cantonment

E.

EXCHANGE HALL,

Bangalore 10th January 1877

To

DR J H ORR,

President, Cantonment Municipal Commission,

Bangalore

RESPECTED SIR,

In acknowledging the receipt of your docket No. 3,095 dated 9th Instant, we beg to inform you in obedience to the same that you are unable to find any record in connection with the channel in our name We beg to point out that you will find in the name of V Gajarajoo Moodeliar

Further we beg to bring to your kind notice that our garden is adjoining to V Gajarajoo Moodeliar's garden which is also now belonging to us, when the main drain was to construct by Government, we proposed, V Gajarajoo Moodeliar took the trouble to get the sanction from the Chief Engineer for the construction of the pipe and cutting out of the basin for water, the cost and building were solely made and paid by us in view to use the water between both gardens (then V Gajarajoo Moodeliar's) ; we hold agreement to the effect since 1863 the basin is built in the land between the two gardens, the subject in question is well known to the whole inhabitants of Ulsoor

The late garden of V Gajarajoo Moodeliar *adjoining to the main drain,* has been purchased by us, and we are the sole proprietors of it, the whole of the documents connected with the above are in our possession, also the Bill of Sale is Registered since 1874. We are in possession of the Garden. Owing to dry weather we have not cultivated in the land of the late V. Gajarajoo Moodeliar's garden, but only very little water is used in our garden for *Thoolasee* and Flowers for charitable purpose but derive no profit in money.

In conclusion we beg to close in a few lines that should you be disposed to see the Bill of Sale and other documents connected with the V Gajarajoo Moodeliar, we shall submit the same to you for your kind perusal The water in question has been in use since 14 years which is well known to all the Overseers and Municipal Overseers as well as yourself and therefore hope that you will permit us in using the same as hitherto, which act of kindness we shall ever remain grateful

We beg to Remain
Sir,
Your most obedient servants,

No. 2,282 Form No V

Extract of orders passed by the President, Cantonment Municipal Commission, Bangalore on the Petition of Messrs Coopoo Chetty and Sons

Dated 5th February 1877

Their p No 2,282 of 11th January 1877

With reference to the above Messrs Coopoo Chetty and Sons are informed that there is nothing on the records of this office to confirm their statement that permission has at any time been given to Gajarajoo Moodeliar or others to construct a masonry channel for the purpose of conveying liquid sewage from the sewers into their gardens Under these circumstances they are requested to at once close the drain opening from their garden into the main sewer

(Signed) J H ORR,
President, Cantonment

G

Bangalore, 19th March 1877.

DR J H ORR, C B,
President, Town and Cantonment Municipal Board,
Bangalore

SIR

I am instructed by Messrs M Coopoo Chetty and Sons of Bangalore to acknowledge receipt of your Extract of Orders No 2,282 and to enclose for your information copies of documents in their possession regarding the drain, opening from their garden into the main sewer

You will note that the sanction to Gajarajoo was granted by the Chief Engineer, Bangalore Division, in 1862 and at which time the Municipal Board was not in existence

I am further desired to inform you that my clients object to close the drain and to intimate to you that if you persist in so doing my clients will be obliged not only to lay their grievance before the Chief Commissioner but will also institute an action against the Board for damages

I am, Sir,
Yours faithfully,
(Signed) JOHN A. LAZARO.

Enclosures 2.

H.

To

COLONEL LAWFORD,

Chief Engineer in Mysore

MOST HONORED SIR,

I have a garden under the Ulsoor Tank for which I had hitherto obtained little water from the old mud drain which conveyed from the Tank, but since its construction with stones and brick I don't get any. To sink a well in the garden I find it to have a tendency to be rocky, under the aforegoing circumstances, I respectfully but earnestly solicit your well known goodness to be kindly pleased to allow me to have a tin tube of 2 inches in circumference to be introduced under the drain, which act of kindness will not only supply me with little water for my garden but shall not be in the least injurious to the construction, but your honor be pleased to order a competent officer to make this enquiry, I have not the least doubt but that he will meet with your favorable consideration

I am,
Most Honored Sir,
Your Honor's most humble,
Obedient and grateful servant,
(Signed) V GAJARAJOO,
Head Writer, Commissioner's Treasury

Bangalore, 6th October 1862

(Endorsement on the above)

The Petitioner is referred to the Executive Engineer, Bangalore Division, to whom the necessary orders on the subject have been given.

(Signed) C LAWFORD, COLONEL,
Chief Engineer in Mysore

THE EXECUTIVE ENGINEER,
Bangalore Division,

To

THE CHIEF ENGINEER,
In Mysore.

SIR,

In reply to your No. 1,498 of the 6th Instant forwarding the original Petition marginally noted, I have the honor to inform you that the insertion of a tin tube will not injure the open mortar channel provided the work is executed during the dry weather

Dated 6th Instant from Gajarajoo.

To admit of the tube being inserted a portion of the wall must be dismantled and carefully rebuilt.

The enclosure is herewith returned.

I have the honor to be,
Sir,
Your most obedient servant,

Translation of an agreement executed in Telugoo, by V. Gajarajoo Moodeliar to M. Srinivasa Chetty.

This agreement, executed on the 23rd September 1863, corresponding with Wednesday the 11th Moon's Increase of Bahdrapada of the year Roodrodgari, to Shop Mootial Srinivasa Chetty residing in the Bangalore Cantonment General Bazaar, by Vellore Gajarajoo Moodeliar residing in Ulsoor of the same place is as follows.—Whereas the water course to my garden passes by the South side, from the Eastern side of the Government drain, at the back of the Tank of the village of Ulsoor, Whereas, in accordance with the Order of the Office of the Engineer Department, order has been passed to bring the said water by means of a pipe to the garden, Whereas that water is conveyed by a drain from my garden to the boundaries of your garden, so that by constructing a stone cistern half on your land and half on mine the water therein might be utilized therefrom by both of us in equal shares, Therefore in accordance with the agreement you have executed to me this day, to which I agree personally and in consideration, as set forth in your agreement, of your constructing the cistern, the drain in my garden, the pipe in the Government drain and furnishing the required materials stones, mortar, cooly and all expenses, as soon as this work is finished and from the day the water is let into the cistern, both of us should, in equal shares, you on one side and I on the other, draw the water from the cistern and enjoy the same In event of my selling my said garden to any one, or farming it out in Wahrum, we should enjoy the water in equal shares as aforesaid and I shall bind the others accordingly To which effect, I have executed this agreement of my own accord relative to the equal sharing of water from the Government drain.
